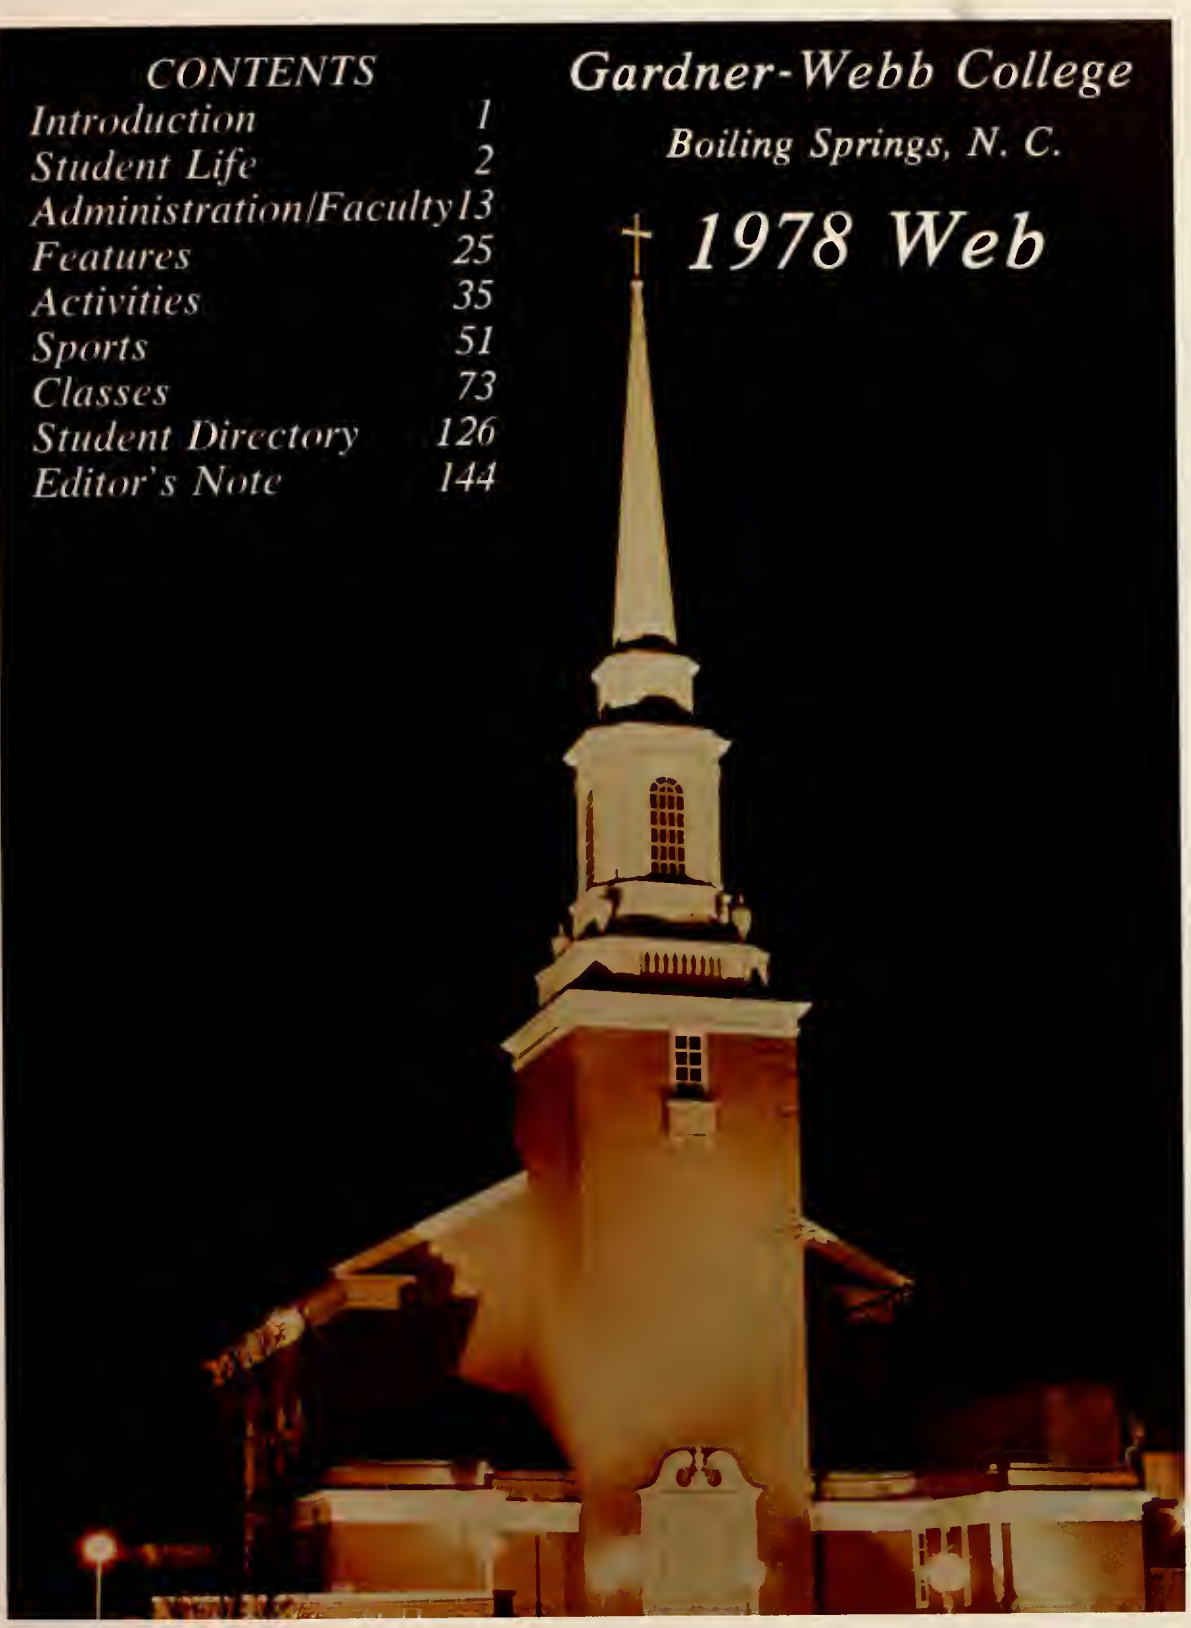
Boiling Springs, N. C.

# 1978 Web



We, the students of Gardner-Webb College, dedicate this *Web*, in the year of our Lord nineteen hundred and seventy-eight, to you, Mrs. Dorothy W. H. Edwards. You have been a rich source of help and friendliness since we first came to the campus.

We hold the deepest respect for the dedicated work you have done for the College for more than 30 years as registrar. When you retire at the end of June, it will close a monumental chapter in the history of the College. You must be deeply happy and proud of your long association with the administration of this College and for all the assistance you have lent to the students through the years.

We shall long remember your loving and gracious manner, your sincerity and your interest.

We dedicate this 1978 Web to you, Mrs. Dorothy Washburn Hamrick Edwards, as a token of our love and appreciation. May God richly bless you.

# Faculty And Administration

# *Dr. Craven Edward Williams*

Dr. Craven Edward Williams, the ninth president of Gardner-Webb College, is a dedicated individual to all functions of growth and development of Gardner-Webb. He began this year by executing the challenges proposed last year such as raising standards, both academically and spiritually. Dr. Williams stressed the importance of a one to one relationship between administration, faculty, and students. Found in all kind of places — football games, basketball games, student cafeteria, chapel — Dr. Williams shows his desire to be involved in his job, not just to hold a position. A humorous, friendly, likable man who displays a character of true interest in both student and faculty, Dr. Craven Williams is striving to help make Gardner-Webb a better college.

# *Dr. Robert E. Knott*

Dr. Robert E. Knott is the new Dean of Academic Affairs at Gardner-Webb College. He has had the opportunity to work and teach at a number of different institutions from large state universities to small private liberal arts colleges. He believes that education in its best sense is an interaction between student and professor.

Dr. Knott relates well to the students, in honest, and is highly academically minded. He believes in the well-roundedness of students and that they should develop academically, physically, and spiritually.

Gardner-Webb College welcomes you, Dr. Robert E. Knott.

The Gardner-Webb Golf team were the national champions in 1976 and 1977 with 2 All-Americans- Junior Jimmy Franklin and Junior Steve Sherman.

In the fall of 1977, three members of the national champion team came back. They were Wayne Myers, Steve Sherman, and Jimmy Franklin. The fall record in 1977 was: 1st — Pinetuck Invitation; 2nd — Etowah Invitation; 7th — Furman Four-ball.

Second semester, spring prospects diminished by a loss of two players because of grade problems. The future still looks hopeful for another NAIA championship.

# *Edith Virginia King*

To those who did or did not know her, Jenny King was, in her own way, really "special." She proclaimed her unity without embarrassment with the peculiar people of God, for Jenny placed her life's activities on the framework of ministry. To Jenny, ministry meant a smile at the cafeteria door; a campaign to raise funds for Summer Missions; asking, "How are you?" listening and giving honest answers; loaning the keys to her car; giving her testimony on FOCUS trips; taking time out to pray; planning a county crusade. Jenny surrounded these and many other things with an attitude of praise, which is a ministry of love to the Lord.

Jenny made melody from her heart with her voice and flute. She was a friend, a sweetheart, a serious student headed for a Summa Cum Laude graduation from GWC at the age of 19. Yet, we can rejoice for her in view of a very precious passage of scripture: "For me to live is Christ, and to die is gain." (Philippians 1:21).

# *AMEN!*

Blame me. I'm the one who stayed up late and still missed deadlines; I'm the one who shuffled pictures and drew for selection; I'm the one who played scrabble for copy; and I'm the one who is responsible for this mess.

Now you could become irate with anger and foam at the mouth, but first settle back and think of the year. Hasn't it been fun? It should have been because you didn't have 1500 students on your back, ready to attack at the sound of the trumpet if the annuals were late.

But seriously, it has been a terrific year — just loaded with memories. This, the 1978 Web, is a pile of collected relics & happenings of those memories, extracted from the daily life of a small Baptist College. We experienced ourselves as beings in the midst of many trials and, hopefully, as active participants of not only our own life's destiny, but that also of our fellowman's.

We know through the experiences of this year that we have to make a choice: to slide into the abyss of the stationary, stagnant system of things, or to create and continue to be creative. My prayer for each of you is to reflect on the past, dream of tomorrow, but live for today.
